

BARRETT LIBRARY

Journal Holdings

Journals are for use within the library only during regularly scheduled hours. The general public may use resources within the library but may not borrow items from the library or through Inter-Library Loan.

Journal Holdings List for Barrett Library

Please note that the serial holding list for the Barrett library serves to indicate the time period for which particular journals are held. It does not mean that all issues are present for the stated time parameter. Follow normal Inter-Library Loan procedures to secure journal articles for issues missing from the collection. The plus sign at the end of the issue information indicates current year available. These holdings are subject to change
