EXPLANATION OF UNDERGRADUATE COSTS:

**Tuition** is charged at a rate of $697 per credit hour for the 2023 – 2024 academic year.

**Laboratory/Clinical Fees** include all resources needed for laboratory and clinical instruction: facilities, simulated equipment and assessment and clinical supplies. All Allen College students are charged at the rate of $58 per credit hour for courses with a laboratory or clinical component.

**Graduation Fee** ($275) covers the cost of expenses incurred for baccalaureate, awards and commencement ceremonies for all students during their final semester of attendance.

**ATI Complete Partnership Fee** ($2,850) is a nonrefundable fee assessed to all pre-licensure BSN students. This comprehensive program enhances student academic and NCLEX success through a variety of assessment and remediation activities. These include assessment indicators for academic success, critical thinking, and learning styles. Online tutorials, online practice testing, proctored testing, case studies, and virtual simulations covering major content areas are used throughout the curriculum. These ATI resources, in combination with the nursing program content, assist students to prepare more efficiently, as well as increase confidence and familiarity with nursing content. Students also complete a live onsite NCLEX review course at the end of the program and have access to additional NCLEX preparation tools with this product.

**Professional Membership Fee**: includes payment to student professional organizations for annual membership.

- **Pre-Licensure Nursing (ASNA)**: Allen College participates in the National Student Nurses’ Association total school membership plan. All nursing students are automatically enrolled as a member of the Allen College Student Nurses’ Association. This membership fee is incorporated into the student’s tuition statement. NSNA membership is not mandatory, and students may opt out by contacting the Allen College Student Financial Services Office.

- **MLS Program (ASCLS)**: This fee is for national and state membership within a professional laboratory society. This membership allows us to teach students the importance of continuing education and how to stay current with certification following graduation.

**Books and Supplies** include an estimated cost for books and supplies for the academic year. These costs may vary depending on the type of courses and hours of course work. Books are available at the UNI Bookstore, located at 1009 West 23rd St, Cedar Falls, telephone (319)273-2665. You can access the textbook list on the bookstore’s website directly or from the Allen College website at allencollege.edu, select current student, textbook list and then follow the prompts on the bookstore website. You may then either purchase your books online through this venue or use this list to purchase your books online from any website that sells textbooks. Students are responsible for purchasing their textbooks and personal school supplies out of pocket prior to the start of each semester. College faculty will inform students of specific supplies needed via a course syllabus.

**Transportation Costs** include the cost of transportation between home, Allen College, and clinical agencies.

**Room and Board** is an estimate of each student’s living expenses.
