

Now Hiring OTs for Inpatient Rehab facility in California, Arizona, and Texas. We provide mentorship to new grads!

As an Occupational Therapist you'll be the connection between compassionate care and the real, positive results your patients are striving to achieve. Use your skills within our inpatient rehabilitation setting to provide the clinical perspective and attention to detail that our highly specialized, integrated team approach requires. Elevate expectations and outcomes with a national post-acute care leader – in a beautiful setting.

Join a team that is passionate about making an impact on patients' lives each day. Unlike the typical hospital setting, we offer you the unique opportunity to walk alongside patients on their road to recovery from stroke, spinal cord injuries, neurological disorders, joint replacements, multiple trauma, and cardiac/pulmonary conditions. As you help patients achieve goals and regain independence, you can form significant relationships with them and celebrate the successes they experience along the way.

Here you'll find something decidedly different and more satisfying: A career that is challenging, inspiring, and rewarding. Maximize your talent and join a team that is committed to setting the standard for better healthcare with this engaging opportunity.

We have the following Occupational Therapist job opportunities in each of these locations:

- ○ **Albuquerque, AZ**
- ○ **Bakersfield, CA**
- ○ **Midland, TX**
- ○ **San Angelo, TX**
- ○ **Tucson, AZ**
- ○ **Wichita Falls, TX**
- ○ **Yuma, AZ**

The setting is an Inpatient Rehab hospital that offers comprehensive inpatient rehabilitation services designed to return patients to leading active, independent lives.

New employees will have a preceptor until able to treat independently. You will work with a multi-disciplinary team of young dynamic therapists that work well together. This is a great opportunity to learn as a new grad!

We have a vast network of highly skilled, independent private practice physicians, therapists, and nurses, and the most innovative equipment and rehabilitation technology, ensuring that all patients have access to the highest quality care. We offer a specialized inpatient program for stroke and brain injury that are accredited by The Joint Commission. Our hospitals have earned The Joint Commission's Gold Seal of Approval (R) for Disease-Specific Care Certification in brain injury and stroke rehabilitation.

Patient mix is comprised of many different diagnoses including stroke, brain injury, multi-trauma, neurological disorders, multiple joint arthritis, hip fractures, spinal cord injuries, pulmonary rehab, orthopedic conditions, amputations, cardiac rehab and general deconditioned patients.

As part of our hospital team, you will experience a therapy-focused environment which includes:

1. Cutting edge rehabilitation technology including robotics, biofeedback and functional electric stimulation systems
2. Spacious and functional work areas designed for patients and clinicians
3. Strong leadership and training through mentorships, promotional opportunities, and continuing education
4. The most comprehensive and extensive patient education tools in the industry
5. Use of evidence and outcomes to continually assess and improve our programs

We offer:

- Excellent benefits
- Competitive Salary based on experience
- Student Loan Forgiveness Program
- Relocation Assistance
