

We are seeking an Occupational Therapist to work in our 60-bed Inpatient acute rehab hospital in Midland, Texas. Our facility provides a higher level of comprehensive rehabilitation services with all the most innovative equipment and the latest technology with an experienced staff to mentor a new grad.

We are accredited by The Joint Commission. In addition to caring for general rehabilitation diagnoses such as orthopedic, amputation, pulmonary rehab, brain injury, multi-trauma, neurological disorders, cardiac rehab, dysphagia, rheumatoid disorders, myopathy, and industrial rehab, we also offer a specialized inpatient program for stroke.

All patients admitted are required to meet 3 hours of therapy 5 days/week or in special circumstances 15 hours 7 days/week with documentation verifying a 7-day plan. This is a regulatory requirement, and productivity expectation is based on this.

Our focus is to train clinicians in order to have good outcomes and to be able to provide excellent care to our patients. We will team you up with a staff therapist who will work with you for a while.

As part of our hospital team, you will experience a therapy-focused environment which includes:

1. Cutting edge rehabilitation technology including robotics, biofeedback and functional electric stimulation systems
2. Spacious and functional work areas designed for patients and clinicians
3. Strong leadership and training through mentorships, promotional opportunities, and continuing education
4. The most comprehensive and extensive patient education tools in the industry
5. Use of evidence and outcomes to continually assess and improve our programs

In addition:

- We provide continuing education opportunities to all clinicians.
- Starting salary is \$87,600 for a new grad and goes up according to experience.
- Excellent benefits starting the first day of work!
