

WE ARE HIRING!

WHY JOIN DMOS?

We are committed to a patient centered life right down to our helping hands logo. Come work at the intersection of tradition and innovation! As one of Central Iowa's oldest and most respected orthopedic centers we are committed to "Helping You Get Back to Living" in everything we do.

When you come to work at DMOS you can expect to find four key driving forces behind everything we do:

- **Passion:** The heart of a servant means to have a commitment to love and serve our patients and colleagues first.
- **Focus:** We believe that if we focus on developing our staff and anticipate our patients needs our patient experience will exceed our expectations.
- **Vision:** We are continuously building upon our deep rooted traditions and implementing technology and innovation to differentiate ourselves from our competitors and deliver the gold standard in orthopedic care.
- **Approach:** Everything we do revolves around evidence-based care. Research studies show that this approach leads to higher quality care, improved patient outcomes, reduced costs, and greater satisfaction
