

Ultrasound Technologist:

We have an ultrasound technologist job posted within our OB department. We have clinical hours, no weekends or holidays. Our department has 9 OB physicians and 4 (soon to be 5) APP providers so we stay busy! I'd be happy to discuss this position more if you have any interested graduated students still looking for job opportunities.

The posting is here: <https://www.iowaclinic.com/careers/job-openings/?p=job%2FoWTRifwJ>

Hope you have a great day!

Tessa
