

Help Needed:

I'm looking for someone responsible and energetic to spend time with my fourteen-year-old daughter in Greene. I am willing to be flexible in schedule and believe that volunteer credit may also be accrued during the experience along with money earned.

Some background information: My daughter was adopted a year ago and has had a difficult, unstable life up until now. She is responding well to medication and treatment at this time but has been diagnosed with Reactive Attachment Disorder (RAD) and Disruptive Behavior Disorder (DBD). She likes to swim, sing, ride her bike and other activities typical to teens her age. She also needs supervision to ensure she makes good decisions or when she becomes frustrated, a calm voice to assist her in regulating herself. A nursing background or interest would be preferred in understanding her issues if any arise.

I have a few professional developments this summer in which I am registered. and would like someone to supervise her activities several days as well as just needing a "friend" to keep her busy during activities. Other than the professional workshop dates, I can be flexible with times and activities. If you are interested, please contact me, Tracy Steere at (281) 753-6812 or Tracysteere1@gmail.com with your hourly rate requirements and times that you are available. Thank you.
