

Medical Laboratory Scientist – Muscatine, IA

Part-Time - .6 Weekend only, 7AM-7PM Sat and Sunday

Base Rate + 50% of Base for Weekend Differential, additional incentive available

Benefits Available

The Medical Technologist Laboratory Scientist (MT/MLS) is responsible for working within the established guidelines of the Laboratory Department as assigned. As a professional, the MT/MLS is responsible for carrying out the philosophy and objectives established by the Board of Directors and the Management Team. Foremost among these responsibilities are strictly adhering to detail in the technical performance of laboratory procedures, solving practical and analytical problems, resolving conflict, and implementing constructive change.

Education: Bachelor's degree in a related field or graduate of an accredited Medical Technologist or Medical Laboratory Scientist program.

Must be MT or MLS (ASCP) certified or eligible.

Please Schedule a Meeting with Wendy Whitsitt to discuss this opportunity.
