

# **Podiatric Nurse Practitioner-Full Time**

## **Qualifications:**

- Education: Master's degree required
- Licenses/Certifications: ARNP

## **Responsibilities:**

- Assist in evaluation, diagnosis, and treating relating to the foot and ankle.
- Office based procedures such as biopsies, ingrown toenail removal, wart treatments, nail debridement, and wound care.
- Provide durable medical equipment such as diabetic shoes, custom orthotics, air walker boots for patients who qualify for treatment.
- Provide care for post operative patients such as dressing changes, x-rays, and monitor for infections.
- Participate in Medicare mandated quality measure programs to demonstrate the highest quality of care to our patients.

Northeast Iowa Podiatry is looking for a nurse practitioner to join our established podiatric clinic in Waterloo. You will be working in a clinical setting Mon through Friday with traveling to outreach clinics 2 days a week with some flexibility in the schedule. No Weekends or Holidays.

You will provide full quality podiatric care and procedures such as; ingrown toenail removals, biopsies, wart treatments, wound care, and nail debridement. You will also provide care for post operative patients and other trauma related podiatric care such as ankle or foot sprains and fractures.

Although an experienced candidate is preferred, we are willing to train a new graduate. Board certification, a State of Iowa license is required. We are seeking a candidate who has a strong work ethic and practice to the best standard of care.

The benefits while employed at Northeast Iowa Podiatry includes but not limited to

- Continuing Education
- Full payment for license fees
- Mileage reimbursement
- IRA Retirement plan

Please send your resume to Northeast Iowa Podiatry Attn: Office Manager 44 Brookeridge dr. Waterloo, IA 50701 or by e-mail [office@neiapodiatry.com](mailto:office@neiapodiatry.com)
