

We are an innovative senior care facility looking for forward thinking RN's/LPN's like yourself to join our team. We have GREAT PAY and right now we are offering a \$2500\* sign on bonus. Now is the time for change, come see why we are different!

The Households at Bethany Life says it all. At Bethany, we take a different approach to the care of our aging population by adopting a household model. This model allows us to help our residents maintain a home like environment by breaking apart the old clinical "halls" into warm, decorated, individualized households that all feature their own kitchen, dining, living area, and private family rooms. We foster a sense of family by maintaining consistent staff on our households that get to develop meaningful relationships with our residents. We offer large activities but also bring music, events, and activities into these smaller groups as well. We are in need of nurses who share the vision of working in our resident's home to maintain balance in their dignity, rights, and safety

We're looking for a highly competent and well-organized professional nurses who values safety, security and patient wellness above all else.

**We are looking to fill 7pm-7am, 3p/11 and 11p/7a shifts as well as Weekend Packages. All of these positions will include working every other holiday.**
