

Allen College

Radiography (ASR)

Shadow Experience Form

Thank you for your interest in the Associate of Science in Radiography (ASR) Program. We appreciate your considering Allen College for your future education.

Applicants for the ASR program are required to complete a **minimum of two (2) hours** shadowing a radiologic technologist (radiographer) in a healthcare facility. This experience must be satisfied prior to application review.

Directions:

1. Contact a medical facility and request to observe in the Radiology (General X-ray) Department
2. Have the radiologic technologist sign the verification form in Section 1
3. After completing the observation, answer the observation reflection questions in Section 2 and return this form to Allen College Admissions at admissions@allencollege.edu

Section 1: Observation Experience

Instructions:

Please complete information below, present or email it to the radiologic technologist at your shadowing experience for verification.

| | |
|--------------------------------|--|
| Applicant Name | |
| Date(s) of Experience | |
| Name of Facility & Location | |
| Hours of observation completed | |
| Applicant Signature | |

Verification:

I certify that the above-named applicant has completed the shadowing experience hours as listed above.

| | |
|-----------------------------------|--|
| Radiologic Technologist Name | |
| Title | |
| Date | |
| Radiologic Technologist Signature | |

Shadow Experience Form

Section 2: Observation Reflection

After completing the observation, answer the following observation questions.

1. What types of exams did you observe?

2. What did the radiologic technologist like most about their job?

3. What did the radiologic technologist like least about their job?

4. What aspect of the observation experience did you find most interesting

5. What did you enjoy most about your visit?

6. After your observation, do you think this is the career for you and WHY?

7. Do you have any questions about a career in radiography?

8. Why do you want to become a radiologic technologist?
