ADMISSION REQUIREMENTS
Diagnostic Medical Sonography (DMS)

The DMS program begins once each year in the fall semester. Required application materials can be submitted as they are completed, but all materials must be received before admission consideration. Completed applicant files are reviewed after the priority date, and the process requires 3 to 4 weeks.

**Priority Date**
November 1

Applications received after the priority date are reviewed on a rolling basis

Enrollment is granted for a specific term. All admission criteria must be maintained, including satisfactory completion of required general education courses prior to beginning the program.

**Early Applicants**
The following criterion must be met:
- Completed fewer than 25 college credits
- Minimum high school cumulative grade point average of 3.8 on a 4.0 scale
- Earned a grade of C or higher in all prescribed general education courses

**Transfer Applicants**
The following criterion must be met:
- Transfer applicants must have earned at least 25 college credits and completed 2 of the 4 required science and math courses before admission consideration.
  **Starting for fall 2025, applicants are required to complete Anatomy and Physiology I and II with lab components before admission consideration.**
- A minimum grade point average of 2.7 (on a 4.0 scale) in the following courses:
  - English Composition*
  - Oral Communication*
  - Sociology
  - Psychology
  - Anatomy and Physiology I with lab component*
  - Anatomy and Physiology II with lab component*
  - General Physics*
  - College Algebra or higher math course*
  - Anatomy and Physiology I with lab component*

  *Courses used in GPA for students with a previous bachelor's degree at the time of application
- Earned a grade of C or higher in all prescribed general education courses.

Applicants whose first language is not English must prove English proficiency prior to admission consideration.

Meeting admission criteria does not guarantee admission into the program. Allen College uses a holistic admission review. The process balances academic achievement, work experience, extra-curricular involvement, leadership, community service, diversity, as well as other applicable life experiences. Top applicants are accepted each term.
