Department of Otolaryngology - Head and Neck Surgery

## ADVANCED PRACTICE PROVIDER FELLOWSHIP PROGRAM IN GENERAL O-HNS

### The Mission

The goal of the fellowship is to help the practitioner grow and develop the critical and medical thinking skills required to build a successful career in Otolaryngology. The program is designed to offer opportunities to collaborate with surgeons, audiologists, and speech pathologists.

### Who We Are

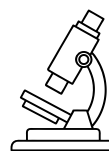

Vanderbilt's Department of Otolaryngology is one of the top ranked programs (#8) according to U.S. News and World Report (2025). We are a world-class department, committed to excellence amongst patients and colleagues. When diverse students and faculty come together, amazing things can happen. We value all walks of life and would love for you to join our program!

### Our Plan

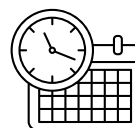

#### Health Care

Concentration will be on clinical experiences, participating in at least 32 clinical hours per week.

#### Research

A research project is expected to be completed at the end of the program which will be submitted to a journal or academic organization.

#### Program Length

The fellowship program is for one year, beginning in January. During that time there will be rotations between all sub-specialties of Otolaryngology.
