The namesake for this scholarship grew up in a home rich with love, if not material possessions. Betty left Janesville High School before graduation to marry her sweetheart, Neil, and soon they were the proud parents of four children. Despite being busy with a full-time job and a growing family, Betty (after earning her GED) graduated near the top of Hawkeye Tech's first class of licensed practical nurses, later returning to become a registered nurse. She worked in area nursing homes and hospitals for 30 years, and although she never worked at Allen, she frequented it often in her later years. She so loved its staff, especially the student nurses, and was an ardent cheerleader of those entering the field.

The awardee of this \$500 renewable annual scholarship hasn't always had it easy, but is seeking to better themselves, their family and their community by becoming a registered nurse. Betty would be very proud of that future nurse, as are her children. We look forward to your application.
