Margaret Bradford was married to Robert Bradford for 55 years until his death in 2014. They have two adult children and two grandchildren.

Margaret is an archaeologist and community volunteer. She enjoys art, music, education, archaeology and travel.

Margaret has known many Allen graduates, and many said that scholarship support made their education possible. She wanted to give back to her community and felt that offering financial assistance to deserving students through a scholarship would have a significant impact. As our population ages, the need for skilled caregivers will increase. Having more and qualified nurses will have a positive impact on our local care facilities.
