Vivian G. Maxwell built a distinguished career in the petroleum industry in Anchorage and the North Slope of Alaska. She and her husband, Dr. Lee Nauss—who holds the distinction of being the first male student and graduate of the Allen Memorial Hospital School of Nursing in 1958—established this scholarship to honor Vivian's legacy and their shared commitment to advancing healthcare.

Their generous support reflects a deep belief in the importance of educating and training exceptional medical professionals. The scholarship is intended to assist a dedicated nursing student in completing their education, with the hope that they will go on to serve those in need and contribute to addressing the ongoing nursing workforce shortage.
